

## What is Cell Behavior?

The Cell Behavior Ontology is designed as a structured controlled vocabulary for what cells do. This ontology is a draft and independent of cell type.

## Discuss Cell Behavior Terminology

Please go to the [Cell Behavior discussion page](#) to leave comments regarding the Cell Behavior Terminology.

Examples of comments may include:

- How you are using this terminology
- Why you decided to use (or not use) this terminology
- Strengths or limitations of the terminology
- Comparisons to other similar terminologies
